RENEW EFFORTS FOR COUNTY LINE ROAD

FARMERS OF FOUR COUNTIES
ARE EAGER FOR ESTABLISH-
MENT OF PROPOSED
OUTLET

Starke, Pulaski, Fulton and Marshall
Counties Will Border on High-
way Extends Farthest Into
This County.

A renewed and probably success-
ful effort is being made to gravel the
county line road between the coun-
ties of Starke and Pulaski and the

counties of Marshall and Fulton.
A petition with the requisite number
of names was presented to the Mar-
shall county commissioners two or
three months ago, but it was defect-
ive in form and the promoters are
now at work with papers which
meet the requirements of the law and
are meeting with fine success. The
petition for the Starke-Pulaski end
is at the Marbaugh store in Monterey
and Geo. Busart is circulating the
petition for the Marshall-Fulton end.
The portion to be improved is from
Lawson Allen's at the Tippecanoe
river east to the four county cor-
ners, thence to the Vandalia railroad,
a distance of 5½ miles. A portion of
the road has been graveled but the
greater part is deep sand a terror to
drivers of all classes. It is proposed
to place an even dressing of gravel
10 inches deep and 8 feet wide over
the whole section. When this is
done a hard smooth pike will be the
result.

Mastodon Skeleton Found

Guy Fisher, brother of John Fisher
sheriff-elect of Tippecanoe county,
has found a fine specimen of maste-
don skeleton in the Tippecanoe river
bottoms near Battle Ground. The
skeleton is lodged in clay on over-
flowed ground, at a spot seldom vis-
ited. John Fewell a geologist, says
the ground in the vicinity of the
place was deposited there during the
glacial period.

INTRODUCE TARIFF COMMISSION BILL

LONGWORTH MEASURE, WHICH
PROVIDES FOR PERMANENT
BOARD MEETS WITH AP-
PROVAL

Author Declares It Embodies
the Best Features of
Lenroot and Goode
Drafts.

I most cordially indorse the bill
presented by Representative Long-
worth, said Cobb after a conference
with Mr. Longworth and other rep-
resentatives at the Capitol. The
measure incorporates the best fea-
tures of all the bills under discussion.

Rules Amendments Introduced

Two important amendments to the
rules of the House one intended to
outflank the regulars in their fight
against the insurgent rule as to dis-
charging committees from consid-
eration of bills and the other to throw
committee meetings open to the pub-
lic were introduced today by Repre-
sentative Norris of Nebraska who
led the insurgent Republicans in their
great rules fight of last March.

Washington, Jan. 7.—The Tariff
Commission bill was introduced in
the House today. It was framed by
Representative Longworth of Ohio,
after conferences with President Taft
and with insurgent Republicans. It
provides for a permanent tariff board
and further powers to make it a
thoroughly efficient body, particu-
larly as to facilities for investigations.

Longworth said he purposed to
press his measure which embodies
what he regards as the best features
of the Lenroot, Goode and other bills
and hoped to obtain a favorable re-
port from the Ways and Means com-
mittee promptly.

The Longworth bill confers on the
Tariff Commission the general power
to subpoena witnesses and call for

books and papers from persons engag-
ed in producing importing and dis-
tributing articles under tariff investi-
gation, but the power to punish any
person for failure to appear or to
produce evidence is reserved to Con-
gress.

Names on Quiet List

Much of the information which
will prove most valuable to Congress
is expected to be acquired through
confidential statements to the com-
mission on the understanding that the
names of persons giving the informa-
tion will not be made public. The
bill provides for five commissioners
at \$7,500 each annually not more than
three of them of the same party, ap-
pointive for different periods at first
but automatically the tenures are
to become for six years. All, includ-
ing the chairman are to be appointed
by the President and the commis-
sioners are to be confirmed by the Sen-
ate.

Practical indorsement of the Long-
worth bill was made by John Chan-
dler Cobb on behalf of the National
Tariff Association of which he is pre-
sident.

Given a Suspended Sentence

Mrs. Rose Reidel Tresselt in the
Allen Circuit court at Fort Wayne
on Tuesday of last week, entered a
plea of guilty to the charge of man-
slaughter, was sentenced from two
to twenty-one years in the penal de-
partment of the Indiana prison for
women, her sentence suspended, and
agreed to pay John and Jellama Cox
\$5,300. It will be remembered that
little Irene Cox of Fort Wayne was
struck by an automobile driven by
Mrs. Tresselt on Saturday evening,
August 20. Mrs. Tresselt is wealthy
but if she had been poor and stolen
a loaf of bread her punishment
would doubtless have been more
severe.

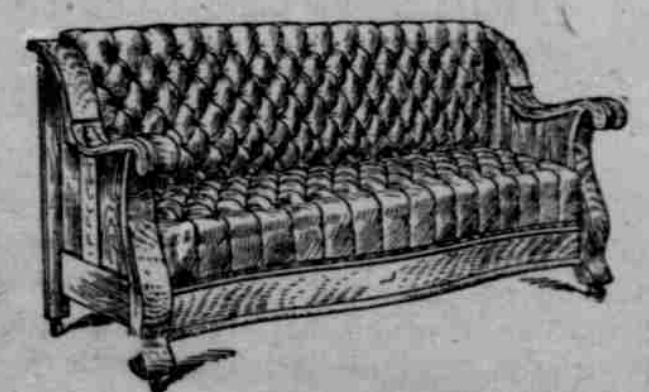

Auto Tires Are Cheaper.

One of the leading auto tire manu-
facturers of Akron O., announces a
reduction of 10 per cent in price of
tubes, made possible by the decline in
cost of pure Para rubber gum and
unequaled manufacturing facilities.
The probabilities are that some of the
other makers in the same line will
follow the lead of this company in
the near future.
